Notes

Case Management is provided by the department's social workers and includes: assessment of needs, education about the resources that support the needs, referral to those resources, assistance in the application/eligibility process for each individual resource, and advocacy when needed to assure the delivery of the resource by the particular agency.

The data provided for number of unique program participants and total program participants is dependent on participant use of a program sign in software system. Not all participants sign in.

The increase in unique and total number of participants is due to the re-issue cycle beginning in mid June for the Senior Parking Sticker program. This is a two year cycle and the numbers will start to level off, but thought we should explain the increase in the notes.
